

## Webinar on ‘Experiences and challenges in implementing electric mobility initiatives’

**Date:** 2<sup>nd</sup> November 2020  
**Time:** 8.30 AM – 10.00 AM IST / 10.00 AM – 11.30 Bangkok time  
**Location:** <https://attendee.gotowebinar.com/register/22882346964272654>

The Asia LEDS Partnership (ALP) in coordination with the LEDS GP Transport Working Group is organizing a webinar on the topic, ‘Experiences and challenges in implementing electric mobility initiatives’.

The webinar is designed to provide the status update and trends on electric mobility adopted in different countries. The webinar will inform the participants about significance of framework for electric mobility, its need, components, and case examples. The learnings from the webinar will help the participants and government officials to understand the scenario of electric mobility from a perspective of private sector along with the importance of understanding roadmaps for promoting electric mobility in their respective countries.

### Session Agenda
