Note: From 2006, the Compilation of Customs Trade Statistics adopts the United Nations' International Merchandise Trade Statistics (IMTS) Compilers Manual, 2004. Under IMTS Criteria, (Total Exports) = (Exports) + (Re-exports), (Total Imports) = (Imports) + (Re-imports). In addition, the data of re-exports and re-imports of each Classification are included in their relevant total exports/imports, respectively. The data since 1991 are also revised.
